

Vision Statement

In all that we do, we seek to attain the following vision:

Teachers who value, nurture, correct and encourage each of their students, recognizing them as unique individuals with tremendous potential.

Students who become better dancers in discipline, technique and artistic expression.

Students who become better people in manners, poise, confidence, self-respect, personal ambition, and creative thinking.

Our Studio serves as a home-away-from-home: a safe, comfortable, respectful environment for students, teachers, and parents.

Performances that bring out the best in our students and invigorate our audiences' appreciation for the arts.

Service to others as a community resource, improving the health and quality of life of those we meet.
